Dennis Hopper, recent Helix High graduate, son of Mr. and Mrs. Jay M. Hopper of 3224 Massachusetts St., gave one of the finest dramatic performances we have ever witnessed on last week's TV program "Medic."

It was the young man's first TV role and a most difficult one; that of an epileptic. If he isn't given a nice fat contract immediately, we'll darken our TV set forever.

—ML—
Hats off also to Fire Chief Hensley and his boys for the department's new Fire Underwriters' rating. May we say that the business men and home owners of our community who have cooperated so wholeheartedly in the matter of complying with suggestions to eliminate fire hazards have contributed no little to the department's success in achieving the new rating.

—ML—
Let's not forget the March of Dimes. This could be the year that will mark the end of this vicious disease, but it takes money for research so let's all do our share as we have in the past.

—ML—
A business friend of ours in telling us about his company the other day said, "We're a non-profit organization, not on purpose, but we are."

—ML—
Sheridan Hegland, our new assemblyman, is getting off to a good start politically, we think, in earnestly asking that his constituents keep him informed as to their likes and dislikes regarding bills pending before the legislature. Local issues are all fired important to be sure, but there's a lot going on in Sacramento which is important to us also.

—ML—
How about giving your readers a brief resume occasionally, of the more important bills coming up before the legislature, Mr. Editor? And maybe a quarterly report on how our own legislators voted (or didn't vote) on those measures. Seems like the only time we hear about those things is at election time from the candidates themselves and these mouthings are about as accurate as the incredible political forecasts disgorged last election by that Frankenstein monster called "Univac."

LEMON GROVE DRIVE-IN CHANGES HANDS

Abe Polak, who opened the Lemon Grove Drive-In at Broadway near Massachusetts a little more than a year ago, sold it this week to Mario "Mike" Randazzo.

The drive-in will have its name changed to "Mario's" and will soon feature baby pizza pies in addition to the regular offerings of such establishments.

For the opening, the drive-in will offer free root beer to all customers and balloons for kids.

Mario is a WW II veteran with a 50% disability.

School Site Questioned By Citizen's Committee

Dr. Frank Gigliotti, chairman of the Citizen's Committee on School Costs, a group which was self-organized during last year's grand jury's investigation of rising costs, appeared before the elementary district school board Tuesday night to ascertain the reasons for proposed purchase of the West property on Palm St.

Flanked by his organization comprised of Mrs. Paul Harvey, Mrs. W. Brown, Dr. David Wilhite, Max Goodwin, and two new members, Harry Griffen and Edmund Dunn, who were inducted last week, Dr. Gigliotti was told of the considerable work and study that went into the decision on the West property.

"We studied practically every other piece of suitable land in the Grove area," Attorney Frank Armstrong, chairman of the school board told the committee.

Rush Rowley, chairman of the Citizen's Advisory Committee, rejected Dr. Gigliotti's charge that the committee had not given complete study to the problem.

Attorney V. J. Dorman recommended a vote of confidence for the board, stating that as a former board member he could see the reasoning in the board's de-

ROBERT VON WILLER ENTERS RACE FOR WATER BOARD

Robert Von Willer, Lemon Grove plastering contractor, said this week that he had entered the race for a seat on the board of the trustees of the La Mesa, Lemon Grove and Spring Valley Irrigation District. He will compete with Roy Nielson, realtor, and Harry Griffen, incumbent.

Robert L. Browne, local appliance dealer, who announced earlier his decision to run, was declared ineligible because he did not qualify as a registered voter. He had failed to vote in either the primary or general elections of 1954. Irrigation District law requires a candidate to be a registered voter, an elector, and a property owner within the district.

Von Willer, who lives at 3157 Crane St., is past president of the Lemon Grove Lions Club; is chairman of the board of trustees of the Lemon Grove Congregational Church; is a veteran of the U. S. Marine Corps; a member of the local chamber of commerce and a member of the Lemon Grove Masonic Lodge and a member of the Al Bahr Shrine.

He is married and soon expects his fifth child. He is a home owner, and has been a local taxpayer for eight years.

Roy Nielson announced his candidacy last week.

Nielson said that many items in the district required immediate attention by a man qualified to give necessary action. He listed items he would seek to improve. He said:

1. Poor planning has resulted in piecemeal improvements at exorbitant costs;
2. Better long time financing for long range improvements was needed;
3. Outmoded laws hamper efficient operation;
4. Need of the board to recognize the difference between money spent as investment and that spent in operations. An efficient cost reduction department should be developed to reduce cost while improving service;
5. Study of future demands to avoid present hurried effort to meet water demands;
6. Cleaning up water to a higher health standard.

7. Better public relations than the board has had until recently. He said that the public should be informed on everything each of the board members do.

In all there will be nine candidates for the board from various districts. In addition to the three men running from the Lemon Grove District, local voters will also elect an assessor, collector, and treasurer. Running for this post will be James L. Squire, incumbent, of La Mesa; R. B. McArthur of La Mesa, and B. B. Femwick of Mt. Helix.

The El Cajon incumbent, Nat Eggert, will be opposed by S. E. Bower, former chairman of the El Cajon Valley Irrigation District, and Harry Haws, USN, retired, and Thomas J. Borgerding.

In Division I, Joseph Levikow, incumbent, Grossmont real estate man, will run against Elzy Barrett, retired tool machinist.

The election is scheduled for Wednesday, February 2.

Filing date closed Monday at 5 p.m.

Commendation from Sheriff Given Patrolman Johnston

The recent apprehension of a team of two men involved in a burglary of Pal's Cafe by Lemon Grove patrolman Hal Johnston resulted in a letter of commendation to the office by San Diego County Sheriff Bert Strand.

The letter sent by Strand reads: Deputy Harold L. Johnston: It has come to my attention that on December 18 you apprehended one, James W. Dukes, shortly after he had burglarized Pal's Cafe in Lemon Grove.

Subsequent investigation discloses that this suspect and another burglar are responsible for approximately 26 burglaries in San Diego City and County.

May I take this opportunity to commend you for this arrest, and for the excellent work you have done nightly since your assignment in Lemon Grove.

Sincerely yours,
Bert Strand, Sheriff

PROJECT NETS \$1½ THOUSAND

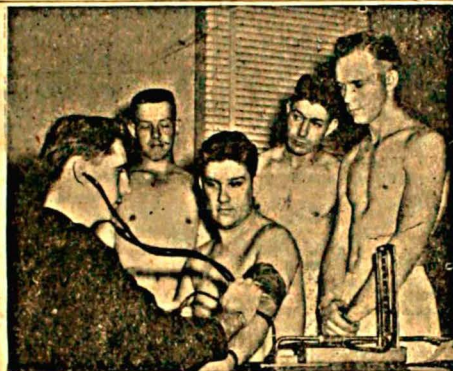

It was announced at the regular meeting of the Business Women's League, by Ways and Means Chairman Jean Woody, that the proceeds from the playhouse had totaled over \$1,500. Money to be used for new sprinklers and lawns in the area around the railroad tracks.

Cooperation from various business people and residents of Lemon Grove made this project the huge success that it was. Labor and material was mostly donated, enabling the B. W. L. to retain almost all of the proceeds for the beautification fund.

Winner, as previously announced, was the Herbert Lowes, local merchant, who has aided untiringly in practically every civic project that has been presented since they moved to Lemon Grove.

An executive board meeting was held at the home of Mildred Huebsch, 3007 Buena Vista, Tuesday evening, 8 p.m. There were 13 board members present.

Mrs. Esther Carlson, Hayward teacher—"Retarded children can do many of the things that normal people can do if they are taught patiently to do them."

It takes a fit Marine to march from San Diego to Los Angeles for the March of Dimes. These four sergeants from the Marine Corps Recruit Depot, all veterans of the Chosin Reservoir walk out in Korea, have volunteered to do this starting January 13 at a dime a step. Here Sergeant Warren V. Flournoy has his blood pressure checked as Sergeants Harry F. Orlish, Wayne A. Sands, and Kenneth R. Womble, NCO in charge, look on.

EVENTS UNDER WAY FOR POLIO DRIVE IN GROVE

Activity is well under way in Lemon Grove for the 1955 March of Dimes, Henry Goldy, local chairman, said.

The Lions Club has distributed this year's coin receptacles. A Kiwanis project, the first of two balloon sales, was run off Saturday. Several Blue Bird and Camp Fire Girls sold balloons. The Fire Department inflated them.

The weekly drawing at the Lions Club, which accounts for approximately \$15.00 a week, will be turned over to the fund, until the drive ends, president Al Cole said. Chuck Munn, winner of the first drawing this year, offered to contribute his winnings and all other members agreed to do likewise. Goldy said that a general meeting of leaders would be called next week to formulate plans to carry the local drive to a successful conclusion.

Last year, under Kiwanis sponsorship, a committee headed by Channing Mason and Tom Warburton, accounted for \$5,000.00 for the fund.

This year to publicize the event in the county, four San Diego Marine sergeants, all veterans of Chosin Reservoir walk out, have volunteered to march from San Diego to Los Angeles at a dime a step, this money being contributed to the Polio Fund. The march will take place Thursday and it will require approximately 1,300,000 steps for the four men.

The distance is 143 miles which is almost the exact distance walked and fought out of Chosin Reservoir to the sea during the Korean War, three years ago. The men will march in combat clothes, carrying their weapons and a field pack. They will eat field rations and camp along the road. The Marines who will participate are, Sergeant Kenneth Womble, Sergeant Warren Flournoy, Sergeant Harry Orlish, and Sergeant Wayne Sands.

Lemon Grove again is being set up separately and a weekly run down will be made of the collections in this community.

M. H. SCOUTS AND BROWNIES TO AID POLIO FUND

The Girl Scouts and Brownies of Monterey Heights Neighborhood are, busily putting their plans into action for the yearly Block of Dimes held in Monterey Heights in front of the shopping center on Englewood Drive. This year the date is January 22, from 10 a.m. to 4 p.m., with entertainment every hour.

At the last neighborhood meeting, Mrs. Robert Davy, past chairman of neighborhood, and past chairman of District Ten, received the "Thanks Badge" awarded for outstanding service to Girl Scouting. Mrs. Davy has been active in Girl Scouts over five years.

The following officers were elected to serve in the neighborhood for the coming year: chairman, Mrs. Philip Titmas; co-chairman, Mrs. Richard Hicks; secretary-treasurer, Mrs. Stanley Moe; membership, Mrs. John Craig, and historian, Mr. Richard Hicks.

The next neighborhood meeting will be held at 1796 Skyline Dr., January 19.

Postal Station Seen For Monterey Heights

Bids for a contract postal station in Monterey Heights will be received by the Lemon Grove Postmaster until Monday, January 17.

Bid forms may be obtained from the Post Office in Lemon Grove. Bidders are to require a room or space in a store building suitable for the public to conveniently transact postal business. A bond must also be provided.

Lemon Grove Postmaster Faucher also announced that delivery service would be extended to Morose Street, Mazer Street, and DeFoss Street beginning Monday. Each home is required to provide a suitable mail receptacle. Mail boxes may be placed on the house providing a suitable walkway connects it with the street.

Neighbors may once more be speaking to each other as the wreckage of incorporation was being hauled to the dump again, and with it the hopes of 1,607 voters who favored it. The "against" vote was 2,180.

It is interesting to note that had there been a sixth class city of Lemon Grove it would have been a city manager type. The vote was: For, 1,675; Against, 1,102.

The city council would have been comprised of Bert Betts, Robert Sutton, Dr. David Wilhite, John Dail and Jackson Ammons, had the issue passed.

Proponents said that the new, high county tax bills dampened the enthusiasm for another taxing agency. Opponents most active against incorporation claimed a piece of literature distributed by the proponents late in the race helped crystallize the resistance among opponents. The piece caricatured some of the opposition.

There seemed to be little enthusiasm for another try at incorporation in the immediate future by those who fostered the issue this time. "We're too tired," they said. One opponent said there would be no move to annex to the city of San Diego.

The vote was surprisingly heavy for a day beset by rain squalls. Hardly a precinct could total two dozen ballots cast by noon. The rush got underway after the sun came out about lunchtime, and again when the working group got home. Almost 70% of the approximately 5,000 registered voters turned out.

For the record the semi-official rundown of the vote is as follows:

Editor to Moderate Panel on Juvenile Delinquency

Juvenile delinquency will be the subject of a panel discussion Thursday, January 13, at the Monterey Heights auditorium.

The event is being sponsored by the Monterey Heights P.T.A.

Max Goodwin, editor of the Review, will be moderator. Panel members will be Robert Ryan, deputy sheriff; Edward Wiegler, chief assistant probation officer; Nevan Wiley, executive director of the Family Service Association, and Reverend LeRoy Elster pastor of the Lemon Grove Lutheran Church.

Ryan will have a narcotics display to point up his remarks. Mrs. Ralph Tension is program chairman for the evening. The meeting starts at 7:30 p.m.

Evans Moves Up in Mayfair Firm—Pettengill Takes Euclid Ave. Store

A promotion for an area market man was reported last week when Eddie Evans, who for the past year and a half has been division manager of the seven Mayfair stores in San Diego area, was made buyer for the firm and will operate out of Los Angeles.

Lloyd Pettengill, previously store manager in Fresno, was advanced to the position held previously by Evans and will manage the Euclid and Federal Boulevard store.

Evans started with the Mayfair firm 15 years ago, joining the firm as box boy, carrying shoppers' packages to their cars, through various departments.

Pettengill has been associated with Mayfair and firm purchased by Mayfair for the past 16 years. Before his assignment in Fresno he spent many years in San Bernardino. He is married, has one child.

No changes are contemplated at the Lemon Grove Market.

Lake Park Students Prohibited from Grossmont High

Students who will reside in the new Lake Park Home Development near La Mesa, will not be permitted to attend high school within the Grossmont High School District, it was announced this week by Lewis Smith, Grossmont High School District superintendent. This includes Helix, Grossmont and El Cajon schools.

Smith said this action was taken by the Grossmont High School Board because of the rapid increase in enrollments in the three schools which will rise to 5400 in 1955, and since the Lake Park Homes Development is in the San Diego Unified School District, the responsibility for providing educational opportunities there must be assumed by that district, declared the board.

The inter-district exchange policy with San Diego Unified School District will be continued. This provides for exchange of students who have moved from one district to the other. The number of students transferring is approximately the same for both districts.

An important meeting on School District Organization has been scheduled for January 24 at 8 o'clock in the Grossmont High School Cafeteria by the San Diego County Committee on School District Organization. The purpose of this meeting is to inform citizens and the boards of school districts in this area on the purposes of school district reorganization as well as the policies and purposes of the San Diego County Committee.

Tom Warburton to Return—To Be Grossmont Principal

Tom Warburton, former principal of Helix High School, and who is now on leave of absence, has been named principal of Grossmont, it was announced by the Grossmont Board this week. Walter Barnett was named vice principal.

Warburton will replace Harry Riley, who has been named principal of Adult Education. John Davis, whom Riley replaced, will become Adult Education Director for the district.

There will be no change at Helix. Benton Hart and Melvin Grant remain principal and vice principal respectively.

LOTS OF BUTTER

The U. S. Department of Agriculture purchased 143 million pounds of butter, 75 million pounds of American cheese and 210 million pounds of non-fat dry milk in the marketing year of April, 1952 to March, 1953.

The Dimmer VIEW

by Max Goodwin

I was reading the other day where the publisher of the New York Times, Arthur Sulzberger, said that he believed in "an open mind, but not so open your brains fall out."

The columnist who quoted him was George Sokolsky who writes for the Union and a hundred other papers. Sulzberger, at the time was discussing communism and said that in this problem, our open-mindedness shouldn't be of the open brains type. "Our problem is how to get rid of communists without disturbing the basic thing that is America," he pointed out.

Sokolsky then offered that those who shriek that "Everyone is entitled to their own opinion" are as ungrammatical as they are wrong... and it is the word "entitled" that fouls up the works. He points out also that you are just as "entitled" not to listen to some of these odd opinions. Because no one is put in the clink or booby hatch for expressing his opinion many of us lose sight of that important fact none is compelled to listen.

To bring that down to the local scene with its various elections, recent and future, is to give a good lesson in individual rights. I have personally seen and heard a local little clique which has been notorious for obstructing everything, good or bad, proposed for the community, stand up and say something like "I am not against this thing, but in my opinion..." and then under the imaginary cloak of personal opinion berate the sponsors, the issue, indulge in name calling and otherwise muddy up the water with inferred lack of integrity on the part of the proponents.

Recently, some of those abused began to strike back and I am glad. This little clique has engendered more hatred in this community for no good reason than they'll ever be able to live down. I am times surprised at my own constancy when some of these local nitwits attempt to impugn the integrity of the entire American press just to win a small local argument. I felt that I was exhibiting an open mind... actually, my brains were leaking out. I feel that reaction to this type of operation is growing stronger and people are rebelling against it.

I understand there's a move afoot to publicly show who these people are when they operate in this fashion in the future. I'll bet you'll be able to hear their wailing if they are named, across the wide reaches of this un-united school district... and the length and breadth of this un-incorporated community.

George Casteel is retiring president. Luther Hussey was vice president and A. F. Sonka was secretary-treasurer.

STATE INCOME TAX FORMS MUST BE FILED BY EMPLOYERS

Robert C. Kirkwood, chairman of the Franchise Tax Board, reminds all employers of their responsibility to file Information Returns with the State Income Tax Division to report payments made to their employees during 1954. An Information Return, Form IT599, must be filed for each single employee who was paid \$2,000 or more and each married employee who was paid \$3,500 or more.

The Forms IT599 must be accompanied by Form IT596 and filed with the Income Tax Division on or before Tuesday, February 15, 1955. Information concerning the filing of these forms may be obtained from the Franchise Tax Board, 230 S. D. Trust & Savings Bank Building, 530 Broadway, San Diego.

"SOUL" WILL BE SUNDAY LESSON TEXT

"Truly my soul waiteth upon God: from him cometh my salvation." This verse from Psalms (62:1) will be the Golden Text of the Lesson-Sermon on "Soul" in all Churches of Christ, Scientist, Sunday.

That God is the Soul of man was demonstrated by Jesus in the healing of blind Bartimeus, as related by Mark (10:46, 47, 49, 52). As he "sat by the highway side begging," he cried out, "Jesus, thou son of David, have mercy on me. . . . And Jesus stood still, and commanded him to be called. . . . And Jesus said unto him, Go thy way; thy faith hath made thee whole. And immediately he received his sight and followed Jesus in the way."

Throwin' The Bull

By Bob Turnbull

It's a Joke, Son! . . . Your old home town is a place where everyone wonders how you got as far as you did.

Now Hear This! . . . Phyllis Gollenhon went and diddit! She is now playing the role of wife to Carey Gibbs. . . . Cecil Munsey, '54 Helix grad, has been assigned to training as a teletype operator at Warren Air Force Base, Cheyenne, Wyo. . . . Carroll Don Berry who recently acquired a life-time beau, is happy in marriage and happy to also be a Highland alumni. . . . Marjorie Lowe and Wendell Stevenson are goo-goo-eyed following their recent announcement of a married life together. Wendell graduated from—guess! . . . Helix's favorite beauty queen, Marilyn Hawkins by name, just recently ruined the lives of many a suitor by announcing her engagement to Bruce Dietrick. . . . "For we through the Spirit wait for the hope of righteousness by Faith." (Galatians 5:5.)

Sport Shorts . . . Every field of learning, teaching, participating or spectating has its annual jokes! Last year did you hear the one about some Mexican basketball fans who set fire to the arena when a game with Panama was cancelled? . . . Or how about the one of a spectator, waiting for a game to start at Hastings (Mich.) high, who chinned himself on a water sprinkler and flooded the gymnasium. . . . I predict that Helix will finish in third slot in varsity basketball this year and Kentucky will be the number one team of the nation. . . . Haven't found a living soul who is in favor of the Pacific Coast Conference and Big Ten Rule prohibiting teams from going to the Rose Bowl twice in a row. . . . There were 12 high school football fatalities during the '54 season throughout the nation.

What's Happening! . . . Russ Auditorium, Sunday, January 16, 8:30 p.m.—"The Ballet Theatre," the greatest stars in ballet and the best ballet company in the United States, according to Life magazine, will do their sterling performance. There will be a company of 100 with the Ballet Theatre Symphony Orchestra. . . . Direct from the Salzburg Festival, de Lanney-Horwath presents the world famous "Salzburg Marionettes," Saturday, January 15 at the Roosevelt Auditorium. . . . January 14, Friday—Sweetwater at Helix (basketball).

Dis 'n Dat . . . Helix's eight capable coaches this year are Ken Maynard, athletic director and football coach; Tom Welbaum, football and baseball; Bob Divine, basketball; Dave Lefever, track; Les Julian, wrestling; Bob Palmer, assistant football coach; Ellis Page, tennis and Ralph Chaplin, golf. . . . cient evidence to prove that smoking cigarettes causes lung cancer. . . . How to be happily wed: Before you marry, be engaged for at least a year, have parental approval of the marriage, attend church regularly (a family that prays together, stays together), have lots of fun and friends and be conventional. . . . Brahma Lauger was recently elected to represent Helix High School in the Daughters of the American Revolution "Good Citizen" contest. . . . Every now and then some of the students at Helix get careless which, in return, causes Helix to get that hangover look, being cluttered up with papers, etc. Remember: Keep Helix a clean school by keeping the campus clean!

Cops! . . . Maybe most of the time you see a "cop" he's just another protector of your property cruising the back streets at night or directing traffic at 5 p.m., but don't forget that he's also the man who can skillfully use modern equipment to save your baby. He's the guy that takes over at disaster scenes and saves your life. He's the man that helps kids cross streets and also enter this world. He settles disputes between neighbors in order to keep life a little more harmonious, is the first one to contribute money to a worthy cause, is the unlucky soul who has to be the first one to break the sad news when tragedy has struck a loved one and is the fellow that is trying to do his duty the best way he can! Sure he makes mistakes, he's only human! But remember some of the situations he has to get into. He may be the father of three beautiful children, but he still has to enter a darkened building and let the other fellow take the first, and maybe the last, shot. As you sit before your fireplace, or heater as the case may be, think of the 200,000 similar Americans who have offered their life, future ambitions, dreams and security in order to lessen your troubles and perhaps, someday, save your life!

The next time you see a "cop," don't sneer at him or make some uncalculated flippant remark to his back! Instead say a little prayer for him and thank him graciously for helping keep our country "all peaceful on the domestic front."

RED CROSS FIRST AID CLASS STARTED AT ADULT SCHOOL

A Red Cross First Aid class is offered at Grossmont High School starting Monday, January 17 at 7 p.m. This is a standard 22 hour course, and a First Aid Certificate will be issued to those who successfully complete the course.

Lutherans to Conduct Week of Meetings

A week of special meetings, beginning Sunday, will be conducted by the Lemon Grove Lutheran Church. The special services will begin with the 8:30 a.m. and 11 a.m. Sunday morning services, again in the evening at 8 p.m. and each week day evening at the same hour.

The Reverend H. O. Egerton

will be the guest speaker. Rev. Egerton is a graduate of Augsburg College of Minneapolis, and of Luther Theological Seminary in St. Paul. Before becoming a member of the Team of Evangelists under the Evangelical Lutheran Church Board of Home Missions, he was pastor of a large church in Minneapolis, then of Our Savior's Lutheran Church in Los Angeles. Before entering the work as an Evangelist, he organized and built a new Home Mission Church in the Los Angeles area.

Pastor Elster of the Lemon Grove Lutheran Church says, "Rev. Egerton has been invited back for these special meetings because of his outstanding popularity at like meetings here last year." Rev. Egerton took a post-graduate course in Family Counseling, and has been very successful and widely known in this field.

Telephone man gets 20-year service pin from air line. Since 1931, Pacific Telephone Switchboard Installer Jim Bailey, left, has worked on most every telephone job at United Air Lines' San Francisco office. The people there say they've become so used to Jim's good work and quick smile that they think of him as one of their group. As a result, they recently awarded him one of their 20-year employees' service pins. We believe Jim's pretty typical of all telephone installers. For your "Telephone Man" works to do the best possible job, to bring you the good low-cost service you like . . . and does it with a smile. Pacific Telephone works to make your telephone a bigger value every day.

Auto Club Proposes Vehicle Code Amendments

Proposed vehicle code amendments which will affect laws on right-of-way, braking distances, headlight candlepower and speed zones will be submitted to the next legislature by the advisory committee on motor vehicle legislation, the Automobile Club of Southern California announced today.

The advisory committee is comprised of traffic enforcement, engineering and motor vehicle experts from public and private organizations throughout the state.

One of the committee's proposed amendments would permit the posting of "Yield-Right-of-Way" signs. Such signs would be used at the entrances of main thoroughfares where there are no stop-signs or stop-and-go signals.

Another proposal would revise the required performance ability of brakes on different types of motor vehicles. At present, all vehicles are governed by the same requirement: they must stop in 37 feet at 20 mph. Under the proposed amendment, an ordinary passenger vehicle would be required to stop in 25 feet at 20 mph, while the heaviest combination of trucks and trailers would be given a 50-foot maximum braking distance.

Other amendments would permit the use of new seal-beam headlamps recently developed by the automobile industry. This would result in the lower beam projecting farther down the highway.

That local and state authorities be given more discretion in setting up speed zones is also proposed by the advisory committee. The amendment would permit them to establish zones for 30, 40, and 50 mph, in addition to 35 and 45 mph zones, permitted under present law.

An amendment creating a maximum speed limit of 65 mph in addition to the present 55 mph "prima facie" limit will also be submitted for the legislature's consideration.

The "prima facie" limit provides some leeway for motorists to exceed 55 mph on the highway under conditions where the motorist can prove that the increased speed was not hazardous.

However, an Auto Club spokesman pointed out, "A maximum speed limit, in addition to the prima facie limit, would mean that such maximum limit could never be legally exceeded anywhere in California."

To cope with trucks on freeways and multiple-lane highways, it has been proposed that a heavy truck shall use only the lane to the immediate left of the right-hand lane when passing another vehicle. This is aimed at preventing trucks from running three abreast on multiple-lane highways, the committee said.

An amendment to the Business and Profession Code prohibiting the sale of sub-standard brake fluid will also be submitted. It sets forth hydraulic brake fluid specifications, as developed by the Society of Automotive Engineers.

HOMER STREICH GIVEN JOB BY HOSPITAL DISTRICT

Homer J. Streich, who was defeated last year in his race for re-election to the board of the Grossmont Hospital District, was named last week as treasurer for an indefinite period on a "dollar a year" basis.

The action was taken at the first regular meeting of the directors of the hospital in the new year.

The directors re-elected R. Marvin Jackson as president and Ralph A. Peterson, secretary, of the district.

Other board members are Herbert R. Bourell, newly elected member, and Forace L. Boyd.

RECRUITERS SAY JOIN THE NAVY AND GET BENEFITS WHICH OTHERWISE EXPIRE THIS MONTH

A Presidential proclamation which terminates certain benefits of veterans on January 31, is being used to encourage young men from this area to recruit now in the Navy and enjoy the present advantages, according to Chief Marvin Silverman, recruiter in charge of the Foothills area. The recruiting office is located in El Cajon.

"We have a quota of about one thousand for the month of January and we're anticipating a problem during the last few days of the month in placing this rush of volunteers. This will be aggravated by many mid-term high school graduates being processed early for enlistment before the January 31 date."

LETTERS TO THE EDITOR

Dear Editor:

In some recent publicity concerning incorporation of the name of the Woman's Club Juniors was listed as endorsing the issue.

This club does not endorse nor oppose issues which are controversial. In this case it appears the name of our club was used inadvertently since we do not go on record on such issues.

I would like for this letter to be published as a matter of public record and in explanation of the publicity printed by the Organizations United for Organization in which the club's name was used.

You, Too, Can Cut Eating COSTS AT MAYFAIR

Mrs. E. W. Rickert, 3526 Main St., is the type of patron most market clerks like to see. With a wide, friendly smile, she is recognized as one of the most pleasant regular shoppers at Mayfair.

"I don't see how they keep the stock in as neat a condition as they do," Mrs. Rickert said. "The store is absolutely the cleanest in this part of the county."

Mrs. Rickert's husband is a well known accountant.

Mrs. Sherwood Roth, shown here with her daughter Claudia, 19 months, and her husband, are a regular threesome at Lemon Grove Mayfair. They live at 4137 Donna St., San Diego.

"I like the meat department best," Mrs. Roth said. "The meats are always so well displayed and prepared."

"Not only that, they are tender and taste good too," Sherwood Roth added.

"We like the easy parking at Mayfair too," they added.

Mrs. Willis Miller of 459 Sunny Side in Lomita Village, has three reasons for preferring Mayfair for her shopping.

"It's spacious, it's convenient, and it has a wonderful atmosphere," she pointed out.

With her daughter, Marsha, 4, above, she is shown doing the family shopping.

Her husband is an employee of Rohr in San Diego.

"My neighbors are Mayfair fans, too," she said.

All the patrons who are enthused over the Swedish bakery products featured at the Lemon Grove Mayfair Market will be interested to know that Gunnar Bergh, a recent arrival from Sweden, brings with him all the Swedish artistry that has made the Mayfair bakery famous.

"I thought we used the finest ingredients in Sweden but in America they use equally good and in most cases better," Gunnar said. "I have heard in Sweden that Americans demanded the finest, and every day I am amazed at the quality butter, eggs, and other ingredients that go into the pastries we make at Mayfair."

With the Holidays behind and excitement of a houseful of visitors in the past, thrifty housewives are again checking the family budget more carefully.

We are certain that with Mayfair low prices, we have made possible some extra nice things that might not have gone onto the holiday table otherwise.

To those who shop at Mayfair regularly, this condition is recognized as constant. Thus they use their budget savings for table frills, for things they decide to pass up otherwise.

STATE SEEKING INVESTIGATORS FOR JOB FRAUD PROBES

The state government plans to take on a number of special investigators, chiefly to deal with unemployment insurance frauds, the State Personnel Board said today.

To qualify, applicants must have two years of full time experience in investigation work. Law enforcement work is preferred, but men in credit or insurance investigation may also qualify.

The jobs pay \$376 to start, with raises up to \$458. The work involves considerable travel and irregular hours.

Information is available at the State Department of Employment offices on Columbia Street.

New Officers Named For Hospital District Auxiliary

By MRS. JOHN LANDESCO

The January meeting of the Women's Auxiliary of the Grossmont Hospital will be held at La Mesa Woman's Club, Friday, 10 a.m., announced Mrs. J. F. Coutts, president. Reports of outgoing committee chairmen will be read, and plans for the coming year's activities outlined by 1955 chairmen.

With Grossmont Hospital nearing completion, this year will be a crucial one for the Auxiliary; holding out even greater challenges and rewards than in the past. Not only must it retain its 1954 membership, but it must recruit many new members in order to perform the varied volunteer services of the opening of the hospital will make necessary. All members are urged, and all other women interested in the Grossmont Hospital are invited to attend this meeting.

Elected officers for 1955 include: Mrs. J. F. Coutts, La Mesa, president; Mrs. George Gonard, Jamul, vice-president; Mrs. A. L. Ballantyne, El Cajon, secretary; Mrs. D. V. Golden Avenue P.T.A. to Have Spaghetti Dinner

A spaghetti dinner will be served at the regular meeting of the Golden Avenue P.T.A., Thursday evening, January 13, at the Cafeteria. Service will begin at 6 p.m. Dinner 50 cents. Coffee or tea included and milk for children; extra milk will be 6c.

Baby sitters will be available for small children during the meeting following dinner. Those who are unable to attend the dinner and wish to be present at the P.T.A. meeting, may come at 7:15 p.m. Al Schuss, local radio announcer, will speak on sports and answer any questions asked.

Rush Rawley has arranged a very entertaining program that will amuse both parents and children. Some of the fathers are also participating.

This is not a ways and means project, but a family night to enable parents to become better acquainted.

MORE TIPS FOR HOME BUYERS

Before you move into a new home, check the house to be sure that it is in good condition, and that the builder or seller has finished up everything as promised.

If you are buying a new house, you may make a deal with the builder to move in before he does all the outside work. For example, he may not be able to do the driveway or walks because of cold weather. So have a clear understanding—in writing—that any such uncompleted work will be properly done.

Find out from your builder if any new equipment (heating plant, refrigerator, washing machine, etc.) carries manufacturer's guarantees. If so, have him tell you whom to call if you need service.

As a rule, once you buy your home you pay for repairs and upkeep, such as outside and inside painting and maintenance. But, when you buy a new home a responsible builder will generally agree to correct defects due to poor material or workmanship within a given time after you move in. Get the builder's written agreement as to what he will do.

Ask whether the builder will do the following:
See that the heating unit works.
Keep up your roof and roof

flashings against leaks.

Correct a wet basement due to seepage.
See that the septic tank operates properly, if you have one.

Does your contract also cover: cracks in the masonry; opening or spreading of woodwork joints; improper operation of doors, cabinets, and windows; water leaks at windows or doors; exterior paint blistering or peeling; settlement of ground around your foundation; tile in your bathroom or kitchen cracking or pulling away from the tub or sink; dampness in your basement; excessive floor shrinkage or swelling?

In any case notify the builder and give him a reasonable time to make any needed corrections. If you buy a previously occupied house, there is, as a rule, nothing you can do against the former owner to get him to correct any defects, unless, of course, such things are put in writing. Otherwise, that makes it even more important to be sure that the house is in proper condition before you buy.

HIRING STARTS FOR NEW STATE TEXTILE MILL

California's only cotton textile mill, a \$3,000,000 plant inside the walls of San Quentin, is now ready to hire experienced mill men, Richard A. McGee, director of the State Department of Corrections, said today. He expects the plant to start production in March.

The bulk of its 561 workers will be prison inmates, but the state is now recruiting experienced technical people to handle the supervisory jobs. Specifically, the plant needs overseers and foremen in the separate fields of preparation, weaving, and finishing. All require at least three years' acceptable experience.

Warden Harley O. Teets of San Quentin says the mill will turn out about a million and a quarter dollars' worth of textiles a year. Products will include denim, broadcloth, chambray, terry toweling, huck toweling, sheeting, pillow tubing, duck and twill.

In correctional industries shops, these will be made into clothing, bedding, towels and other essential articles for state institutions. Most will be sold to other public jurisdictions with anticipated savings to taxpayers, but no products will go on the open market. E. Trammell Combs, an experienced textile man, is superintendent of the mills. Combs said that although California is one of the great cotton-producing states, it has no cotton textile mill in operation. Legislation establishing the San Quentin industry specified that only California cotton would be used.

A major purpose of the mill is to aid in rehabilitation of inmates and train them in a useful trade. Technical men seeking employment were advised to apply to

Original Manuscript Of 'Home, Sweet Home' is on Display in La Mesa

The handwritten original manuscript of the immortal ballad, "Home! Sweet Home!" first heard at Convent Garden in London in 1823, is now owned by the National Savings and Loan League and is currently being displayed in the lobby of La Mesa-El Cajon Savings and Loan Association where it is attracting wide attention.

It was the "hit tune" of Sir Henry Rowley Bishop's opera "Clari, the Maid of Milan." It had previously been published by Bishop with different words and was thought to have been of Sicilian origin, but after much litigation it was accepted as Bishop's original composition.

John Howard Payne, author of the heart-warming lyrics, made a special holographic copy of them in 1849 for his relative, Dolly Madison, wife of President James Madison.

Displayed with it is a picture of the author and a more legible copy of the immortal words.

After more than a century, it still exudes the warmth and shelter that Messrs. Bishop and Payne immortalized as "Home! Sweet Home!"

La Mesa-El Cajon Savings and Loan Association cordially invites you to stop by at their offices at 8347 La Mesa Blvd., La Mesa, and see this work that has lived through the ages.

You've Got to Pay Taxes on Wages You Pay to Step-Parents

William A. Burkett, director of the State Department of Employment, announced that effective January 1, 1955, services of step-parents, foster parents, stepchildren, and foster children will be subject to the California Unemployment Insurance Code. The department previously had held that such services were exempt under the "family relationship" provision of the law.

The new ruling is based on recent decisions of the California Unemployment Insurance Appeals Board and on an opinion by the department's legal counsel, the director said.

The appeals board's decisions upheld appeals of two claimants against the department's efforts to recover benefits previously paid them. The department sought the refunds when it learned that the claimants had been employed by their stepsons and were, therefore, excluded from unemployment insurance coverage. The board held that the "relationship of 'stepson' is not the same as that of 'son' and to include the former in the exemption would go beyond the plain language of the statute."

"Accordingly," Burkett declared, "beginning January 1, 1955, employers will be required to report and pay taxes on wages paid to their step-parents, foster parents, stepchildren or foster children. No tax will be required, however, when the relationship between the employer and employee is that of parent and legally-adopted child."

PAST MATRONS-PATRONS TO HAVE ANNUAL LUNCH

The Past Matrons and Patrons association of San Diego County will hold their annual luncheonette and card party on January 21 at the Church of New Jerusalem recreation hall, 4144 Campus Ave., at 12:30 p.m. and an evening card party at 8 p.m. General chairman, Mrs. Fennelle Adams will be assisted by Mrs. Nola Wordan, Pearl Wasson, Lennie Fiedler.

Reservation chairman, Mrs. Marguerite Williamson; Door Prizes, Mrs. Anna J. Scott; Tallies and score pads, Mrs. Henriette Purinton; Candy and cakes, Mrs. Monette Crank and Mrs. Bertha Thayer; Table prizes Mrs. Fennelle Adams. All members and friends of the order are invited to attend and are asked to bring cards of their own choosing.

'Meet the Press' to Be Aired by Supplier of Local Lumber Firm

The well-known half-hour Sunday television program, "Meet the Press," which has a large audience in this area, will be co-sponsored by Johns-Manville, according to Steve Westover of the Lemon Grove Lumber Company, distributors of Johns-Manville asbestos and asphalt roofing materials here.

Westover stated that Johns-Manville selected the "Meet the Press" program because surveys show it reaches an audience that is more than 90% adults, which makes it ideally suited for presenting the story of the many Johns-Manville products and their service to home and industry.

This program is televised by Station KNBC, Los Angeles, which serves Lemon Grove. It is one of 26 National Broadcasting Company television stations from coast to coast that will carry the Johns-Manville program, reaching approximately 64% of all television homes.

"Meet the Press" has been broadcast each Sunday continuously since 1948, Westover says. During that time, it has become one of the best known programs on television and has won nearly every award in the public service field, including the coveted Peabody Award. The listening audience, according to Westover, is estimated at over four million each broadcast.

Cdr. Gascoigne Gains Promotion

A Lemon Grove man was promoted to the rank of lieutenant commander earlier this month.

Cdr. Richard F. Gascoigne, 3740 Riviera Dr., received his new rank and was transferred to Philadelphia at the same time.

He served in the Asiatic Fleet aboard the USS Canopus, a submarine tender, from 1939 to 1942. Previously he was assigned to the Fleet Air Base at Coco Solo, Canal Zone, following his enlistment in 1936. He escaped to Corrigedor after the fall of Bataan, where he served as machine gunner with the naval land forces. On Corrigedor he served as beach defense machine gunner until that island fell. He was wounded in action, and captured by the Japanese. After his release as prisoner in 1945 he served at Camp Pendleton, Clearfield, Utah; Palau Islands; New Orleans, and now, Philadelphia.

Cdr. and Mrs. Gascoigne have two children and their home is permanently on Riviera Drive.

Attorney Edmunds To Moderate Democrats' Meeting

The monthly meeting of the Lemon Grove-Spring Valley Democratic Club will be held Friday evening, 8 p.m., Golden Ave. School, Lemon Grove. Plans for chartering the club will be formulated, preceding the informative program to follow, moderated and expertly discussed, by San Diego attorney Jim Edmunds, "What is Your County Central Committee—Its Functions?"

Mr. Edmunds will inaugurate the first of a series of Practical Politics, discussion and study programs sponsored by the Democratic club in the Homeland area, free of charge, and continuing open forums to be combined with regular monthly meetings, the second Friday of each month at the Golden Ave. School, Lemon Grove. Prominent dignitaries will guide the forums and panels throughout the 1955 workshop type of meeting to ripen your knowledge of government.

Forthcoming topics are: "Municipal Government in California—It is Truly Non-Partisan," "Why do I not take an active part in my role as a good citizen," "Are you a potential candidate for office," "Labor in the picture," "Pressure Groups," and many other timely studies to present an exciting picture of politics in your city, county, state and nation.

Attendance of all interested Democratic people in the area is urged Friday evening, in order to facilitate working operations and expanding services under the necessary charter and by-laws to be adopted then.

Hostesses will include Mrs. J. F. Gillespie, chairman, assisted by Mrs. O. R. Patterson, Mrs. Servando Sanchez, and Mrs. E. B. Oberleiner.

BUSINESS CREED FOR CLEANERS GIVEN

A creed for dry cleaners has been developed by one of our local businessmen which has been offered as a pattern which his firm is following in the interest of supplying better service to local patrons.

The creed, offered by Bill Vandenberg, owner of Dutch Cleaners, has been set forth as a resolution for 1955 and generally offers:

An invitation to everyone to inspect the Dutch Cleaners plant; a promise to check clothing for severe strains and pre-spot before cleaning; to maintain a membership in the California Dry Cleaners Assn. for constant cleaning information; never use water, to dry clean only; hand finish all dresses; insure all garments against fire and theft; repair minor damages without charge; give the benefit of 14 years experience; give free pick-up and delivery service; best service possible at fair prices; to show our appreciation of your business and to give stamps with each purchase.

The resolution is signed by Bill Vandenberg, the firm's owner.

Volunteer Drivers Needed for Red Cross Wagon

There will be a seven weeks course in first aid beginning on Thursday, January 13, in Room 1 of the Junior High School at 7 p.m.

The course is sponsored by the American Red Cross and classes will start at 7 p.m. with Ronald Purvis as instructor.

Mrs. Frank Armstrong, newly appointed motor transport chairman, reported that volunteers were needed for the new Red Cross station wagon received late last year. Volunteers who can give about three hours each trip for transporting patients for treatment and service five days a week, are needed. She may be reached at HO 9-2492.

The local chapter contributed \$10.00 to further the stamp collection therapy project for disabled veterans at the Navy hospital.

GOLDEN AVENUE CLASS PLANS TRIP

The classes of Mrs. Tuthill and Mrs. McBroom, at Golden Avenue School, plan to go on a field trip Friday.

To accompany Mrs. Tuthill will be Mrs. Castle and Mrs. Carl Stewart, who will use their cars and go on the harbor boat ride.

To accompany Mrs. McBroom will be Mrs. Walsh, Mrs. Herrera, Mrs. Kranch and Mrs. Lower.

One of Miss Dunne's sixth grade reading groups performed the play, "The Golden Goose," for Mr. Papin's class Tuesday, January 11. Most of the costumes were handmade by James Becker, Robert Mason, and Diane Allison. Michael Knapp and Allen Foye designed the scenery. The following students played the lead parts: Bill Willingham, Allen Foye, Sarah Sotelo, Diane Alison, and George Austin.

The local chapter meets every second Monday at 10 a.m. at the Woman's Club house.

DISTRICT TEACHERS ASSOCIATION TO BE REPRESENTED AT STATE MEET

Representatives from the Lemon Grove District Teachers Association will attend the Southern Council meeting of the California Teachers Association this Saturday in Los Angeles at the January 15 meeting. Louis Poluzzi, president, along with John Strawn, salary chairman, and Peg Darroch, public relations chairman, will attend the various committee meetings dealing with tenure, legislation, professional relations, and retirement.

At the Friday evening, January 14, meeting in Los Angeles of the California School Public Relations Association, Peg Darroch, chairman of that group, announced that a panel from the communications field will discuss how such groups work with the public schools. Represented will be Terry Colman of Life and Time magazines, Vernon McPherson of the Los Angeles Mirror, ABC Radio, and KTLA-TV.

THE SHOW'S THE THING!

Grove Theater—(Now playing tonight through Saturday night.) "Down Three Dark Streets" is the screen version of the novel "Case File: F.B.I.," an engrossing book based on three cases actually handled by the bureau. The movie version stars Broderick Crawford, Ruth Roman and Martha Hyer. "Streets" is rated an A-1 movie by both the paying public and drama critics. This new film, which has a documentary approach, definitely places the Grove theater in the higher class with lower prices since it went under the recent management of Lankford & Long a few months back. The companion feature is a movie especially designed for the women, but for all to enjoy, and is titled "Woman's World." The movie tells what happens when a motor tycoon, Clifton Webb, brings his three top agents (and their marriage mates) to New York so he can choose one of them to be his next general manager. From the city of brotherly love, Philadelphia, come Fred MacMurray and Lauren Bacall. The Texas representatives are Van Heflin and Arlene Dahl. Kansas City offers Cornel Wilde and June Allyson. It is a wonderful, delightful comedy that features many top stars and a top-notch theme song that was recently the number one tune on the hit parade. Saturday's matinee for the kiddies features "Noose Hangs High."

MGM's hillbilly musical in technicolor makes its Lemon Grove debut Sunday through Tuesday night. It's titled "Seven Brides for Seven Brothers" and stars Jane Powell and Howard Keel, and is based on "Sobbin' Women," a short story by the late Stephen Vincent Bennet. "Brides for Brothers" is a jolly, hand-clapping musical that is slicked up like Broadway with Oregon territory scenery. The movie is blended with ballet and movie comedy with the dancers being used as comedians. It features eight merry songs, mixed emotions of everybody lovin' everybody, and a cute finish. The co-feature is a documentary titled "African Adventure."—B. T.

RESOLUTION OF INTENTION

TO ANNEX UNINCORPORATED TERRITORY TO THE LEMON GROVE SANITATION DISTRICT AND NOTICE OF HEARING THEREON

On motion of Supervisor Bird, seconded by Supervisor Howell, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County:

WHEREAS, James J. Pergl, the owner of certain property in unincorporated territory of the County of San Diego contiguous to the Lemon Grove Sanitation District, has asked this Board (Document No. 176792) to annex said property to said Sanitation District under the provisions of

the County Sanitation District Act; and

WHEREAS, the County Board of Supervisors has approved the boundaries of the proposed annexation (Document No. 177903); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said District's lines (Document No. 177679); NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the Lemon Grove Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county or district or districts formed for similar purposes, bounded and described as follows:

All that portion of the Unincorporated Territory of the County of San Diego, State of California, described as follows:

Beginning at the Northeastly corner of Lot 13 of Pergl Terrace No. 2, Map No. 3147, filed in the Office of the Recorder of San Diego County, said corner being an angle point in the boundary line of the Lemon Grove Sanitation District;

1. thence Southerly along the Easterly line of said Map No. 3147, and along said boundary line, to the Southeastly corner of said Map 3147;

2. thence, leaving said boundary line, Westerly along the Southerly line of said Map No. 3147 to the Southwestly corner of said map;

3. thence Northerly along the Westerly line of said Map No. 3147 to a point in the Northerly line of Lot 43 of Subdivision No. 3 of Tract 12, Rancho Ex-Mission, Map No. 859, filed in the Office of the Recorder of San Diego County, said point being an angle point in said Sanitation District boundary line;

4. thence Easterly along said Northerly line of Lot 43 and said boundary line to the point of beginning.

(b) That said Sanitation District following said annexation shall continue to be known by that name;

(c) That the Board of Supervisors hereby sets Tuesday, the 1st day of February, 1955, at the hour of 10:45 o'clock a.m. in the Chamber of the Board of Supervisors, Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, as the time and place fixed for the hearing of objections to the annexation of said territory to said District, or to the extent thereof.

(d) That the Clerk of the Board of Supervisors is hereby authorized and instructed to publish this resolution of intention and notice of hearing thereon at length in at least two successive issues not more than 30 nor less than 10 days prior to the time of said hearing in the Lemon Grove Review, a newspaper of general circulation in the County of San Diego, in the territory proposed to be annexed, in said Sanitation District.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this 28th day of December, 1954, by the following vote:

AYES: Supervisors Gibson, Bird, Robbins, Rossi, and Howell

NOES: Supervisors None

ABSENT: Supervisors None

STATE OF CALIFORNIA,)

Lazy Lemon Grove Gardener's Friend— Husky, Hearty and Hale Gallardia

Given impossible soil, poor growing conditions, lack of time to garden and similar excuses, there would seem to be a reason to excuse a yard full of weeds and no flowers around the house but such excuses fall flat when we realize that there are some plants such as Gallardia that will thrive almost any place in California with an amazing amount of neglect, even in the poorest of soils and with a minimum of care. Other plants such as Coreopsis, Alyssum Saxatile, Shasta Daisy, Dusty Miller and Coral Bell, as well as many others, will measure up to the Gallardia in this respect, but at this time we will treat the lowly Gallardia as the Flower of the Week.

Gallardia or Blanket Flower is one of the old fashioned favorites with a modern appeal, inasmuch as there have been many new hybrids introduced through the past few years. Generally a

large two-toned variety called Portola Hybrids is commonly grown by commercial growers but many other fine varieties are available and should be tried by the adventuresome home garden-

GALLARDIA

Regardless of the variety that is grown there is a combination of qualities that is possessed by

all forms of Gallardia that is summed up in the word, rugged. Gallardia is really able to take a large measure of abuse and still look first class. It will withstand long periods of drouth, lack of fertilizer and scorns cultivation. With all this ill-treatment comes a rich reward of glowing warm blooms of red, yellow and orange combinations that seem unending in its abundance.

Because of its drouth resisting qualities, Gallardia is a natural for planting at a beach cottage or in an area of the garden that by its location tends to be neglected. Often a vacant lot can be made a place of beauty by planting out a few Gallardia and some of the other items mentioned previously and at a cost that is trifling in comparison to the benefits that are derived from the operation. And by the perennial nature of these plants, the benefits will accrue from year to year.

Good companion plants for a planting of Gallardia would be Coreopsis and Geum. All are drouth resistant and are comparable colorwise. Alyssum Saxatile makes a fine border plant or Arabis or Coral Bell can be used. For a taller growing plant, Delphinium or Hollyhocks could be used in the perennials and African Marigolds for an annual planting. It should be noted that the Delphinium would need spe-

cial attention to do well.

Gallardia can be used for cutting purposes but does not serve too well. Flowers should be cut in the morning and set in a deep vase. Water should be changed daily and the flowers should not be kept more than four days. Using some yellow or white flower-jackets on the Gallardia blossoms. Geum or Coreopsis would work for this purpose. Also

I CORRESPOND WITH PRESIDENTS

By BOB TURNBULL

The secretary to President Chiang kai-shek, president of the Republic of China now situated on Taiwan (Formosa), Sampson C. Shen by name, sent yours truly a very nice, formal letter from office of the president in the city of Taipei. Sampson Shen acknowledged my letter and complied with my request by sending me, under separate cover, a copy each of the Taiwan Today and the Directory of Taiwan. He closed with the greetings of the season and signed his name. To be truthful about it all, I didn't really expect President Kai-shek to answer me personally, as I know I wouldn't have time to do so if eight million Red soldiers were about to trample my front yard.

The "Directory of Taiwan,

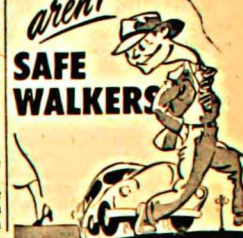

1954," was printed in English and printed by the China News and Publication Service, Ltd., 86 Hwai Ning Street, Taipei, Taiwan, Free China. It was printed for the Information Department of the Taiwan Provincial Government to be distributed as they saw fit. The directory listed many interesting subjects concerning Taiwan (Formosa). It told about the administrative areas, their laws, some pictorial scenes of their countryside, it told the story behind the story of the patron saint of their sailors, their history, folk songs, and many other items of interest. The "Taiwan Today" was written by a chap named Han Lih-Wu and tells about their industry,

communications, agriculture, finance, political and social conditions, and a general survey of their beloved country. The packet in which the booklets came was very interesting as it was registered, stamped by various customs officials, and had five interesting stamps, valued at \$5 in Chinese currency, \$1.25 in American.

Watch for all the previously mentioned foreign letters I have received to be on display in about a month's time in a local store for your inspection.

(Next week: A letter and some booklets from the secretary of a prime minister of a northern neighbor.)

LAKE ELSINORE MAY GET PARK STATUS THIS YEAR

Water sports enthusiasts all over Southern California are preparing their boats and water skis for a dunking in Lake Elsinore State Park when and if the proposed and long-debated state park becomes a reality.

With the State Legislature intending to study the matter, boatmen are optimistic that before long all the mysterious stories written about Lake Elsinore will be debunked and that the big Southern California lake will be a part of the state's inland park system.

Ever since the white man discovered Lake Elsinore it has been

a center for aquatic sports. A few years back the lake was featured in the news as a site for national speedboat races.

Then came the drouth which has lasted longer than any other on record, and Lake Elsinore went bone-dry. Deprived of their rendezvous, water sportsmen have insisted that something be done to bring the lake back to its former glory. They found it impossible to break the drouth, but engineers from the California Division of Water Resources showed them that through conservation it would be possible to have a lake even in dry years. The answer lay in establishing a state park and lessening the area of the lake.

Lake Elsinore is strategically located in the center of a population of more than six million people starved for inland waterways. It is easily accessible the year around. The State Division of Beaches and Parks recognized this when they declared the lake desirable as a state park. But there was the little matter of money—money made available from the state's tidelands and already earmarked for state parks.

Under the sponsorship of Senator Nelson Dilworth of Riverside County, where the lake is located, with a slogan of "Save Lake Elsinore for the Public," a bill will be introduced in the coming legislature asking for an appropriation from the tidelands fund to

make it possible for the Division of Beaches and Parks to go ahead with its plans.

The people around the lake have cooperated by forming a Park District and taxing themselves to raise funds to assist in the program.

Meanwhile, millions of pleasure seekers who now go to overcrowded beaches and mountain parks are awaiting impatiently for the biggest natural lake in Southern California to stage a come-back on the biggest and most glamorous scale in its history.

8,000 PHONE CALLS A MINUTE IN LEMON GROVE DISTRICT EXCHANGE

Have any idea how many telephone calls you made during 1954?

If you have one of Pacific Telephone's installations—and there are 19,500 of them in the Lemon Grove district exchange—you helped run the record up to nearly 8,000 calls every minute of every hour.

And if your telephone was newly connected during the year it aided in gaining 140,000 for Southern California at the rate of one every three-and-a-half minutes. The company had a total of 2,140,000 in the Southland at year's end.

There now are 232,000 tele-

phones in the San Diego extended area, an increase of 19,000 for the year. These subscribers make 1,200,000 calls daily.

To keep all those calls flashing across the wires required a plant investment which has reached a current \$723 million in Southern California, manager Forrest Doken said.

The company spent \$97 million for expansion and improvement in nine southern counties during the year. Some \$15,000,000 was spent on construction in San Diego County. Among other things, Pacific Telephone:

1. Added long distance dialing facilities that enable customers to reach most points in the nation in less than a minute.

2. Standardized 300,000 tele-

phone numbers to seven digit dialing patterns. These numbers now fit into a nationwide program for nationwide operator long distance dialing.

3. Changed 50,000 manual telephones to dial in Riverside, Orange, Palmdale, Del Mar, Costa Mesa and El Segundo.

4. Installed its two-millionth telephone.

5. Completed 30 new buildings or major additions and started nine more.
